Scandinavia for all seasons

When it comes to visiting Scandinavia, the big question everybody asks is: "What is the best time of year to visit?" Our expert Tour Manager, Tim, believes *"The 'best time' is a myth. Any time is the right time, so long as you understand what to expect and know what you're looking for."*

A SCANDINAVIAN SPRING

As the snow melts and the days grow longer, Scandinavia's landscape is revealed in a burst of color and light. Spring brings rolling green fields, blossoming landscapes and quaint villages, where red cottages dot the shores of pristine lakes in Sweden and Norway's fjords shimmer beneath verdant mountains.

GEIRANGERFJORD

HAZY DAYS OF SUMMER

Scandinavia in the summer bursts with life. Lush rolling pastures and gleaming fjords can be admired in the countryside, while the cities' colorful waterfront buildings glisten in the sun. North of the Arctic Circle, summer also brings the golden glow of the Midnight Sun, where the sun never truly sets.

FALL'S GOLDEN EMBRACE

The concept of 'hygge' begins to take hold in the cities during fall, with hearty stews and cinnamon swirls warming the soul. Burnished orange hues blanket the wilderness, the parks shimmer with golden leaves and cozy cafés invite you to linger over warm drinks as the crisp air settles in.

WINTER WONDERLAND

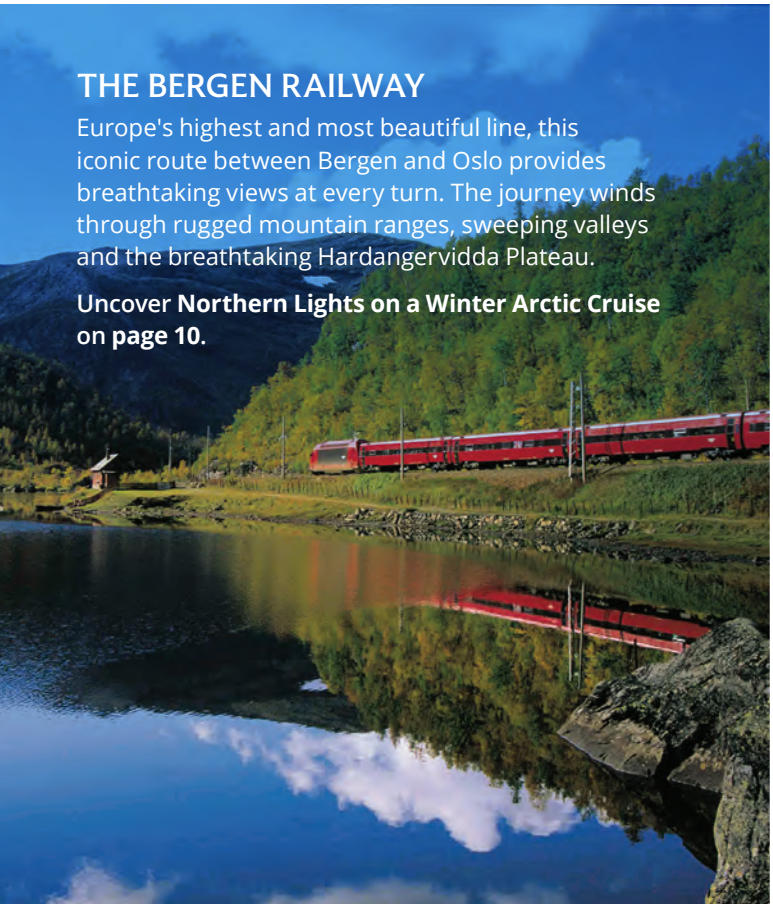

While every season holds its own magic, winter in Scandinavia is truly enchanting. Snow and ice sparkle under the moonlight, while the Northern Lights dance across the sky. Experience the thrill of a husky-hauled sleigh ride through the snowy wilderness of Swedish Lapland, and marvel at the extraordinary Icehotel in Kiruna, rebuilt each year from pristine local ice.

HUSKY SLED RIDE

Sensational Scandinavian rail journeys

Discover Scandinavia's breathtaking landscapes aboard some of the world's most scenic railways. From Norway's serene countryside to the dramatic Arctic, these journeys offer a spectacular way to see it all. Our Tour Manager, Tim, shares his favorite routes and what to look out for to help you make the most of every mile.

THE BERGEN RAILWAY

Europe's highest and most beautiful line, this iconic route between Bergen and Oslo provides breathtaking views at every turn. The journey winds through rugged mountain ranges, sweeping valleys and the breathtaking Hardangervidda Plateau.

Uncover **Northern Lights on a Winter Arctic Cruise** on **page 10**.

FLÅM RAILWAY

Some of Norway's most impressive scenery beckons on the Flåm Railway. This 12.5-mile branch line of the Bergen Railway follows one of the world's steepest rail routes from Flåm beside Aurlandsfjord to the remote village of Myrdal, passing verdant valleys and the dramatic Kjosfossen waterfall.

Discover the **Highlights of Norway's Fjords & Cities** on **page 22**.

INLANDSBANAN

Winding through Sweden's untamed heartland, this brave little train crosses dense forests, sparkling lakes and remote mountain valleys. Traveling above the Arctic Circle, the train follows the wild beauty of Swedish Lapland, offering glimpses of reindeer, elk and endless northern skies outside your window. My favorite feature is that the train stops for lunch at a small restaurant in the middle of nowhere.

THE NORDLAND RAILWAY

An unimaginable look at Norway's great contrasts awaits on the country's longest railway journey, the Nordland Railway. This extensive route – known as the 'Polar Express' – crosses the Arctic Circle from Trondheim to Bodø, taking travelers past sparkling fjords and the dramatic Saltfjellet mountains.

Explore **The Northern Lights & Lapland** on **page 8**.

THE RAUMA RAILWAY

The scenery is astonishing. Magnificent views and contrasting landscapes unfold outside your window onboard this 71-mile-long journey. The train winds through the Romsdal Valley, crossing the Kylling Bridge and the rushing Verma waterfall, before following the course of the emerald River Rauma.
