Independent Vacations

Setting out on an Independent Tour of Canada means a variety of options when it comes to vacation type. Select from tours that connect popular destinations by train or combine train travel with other forms of transportation, including scenic cruises or rental cars. Each choice provides a different perspective on the country.

No matter which tour you choose, you will be traveling independently to each destination at your own pace, and you will follow an expertly crafted itinerary that includes locally guided tours. Your days will be split between included sightseeing excursions and free time to explore however you see fit. Some transfers, such as those to and from the airport or rail station, may be included for your convenience.

Escorted Vacations

Escorted tours show you around incredible destinations, where you'll be immersed in culture, history, and picturesque panoramas, alongside a group of like-minded travelers. Each step of the way is punctuated by the insider knowledge that only a Tour Manager and expert local guides can bring.

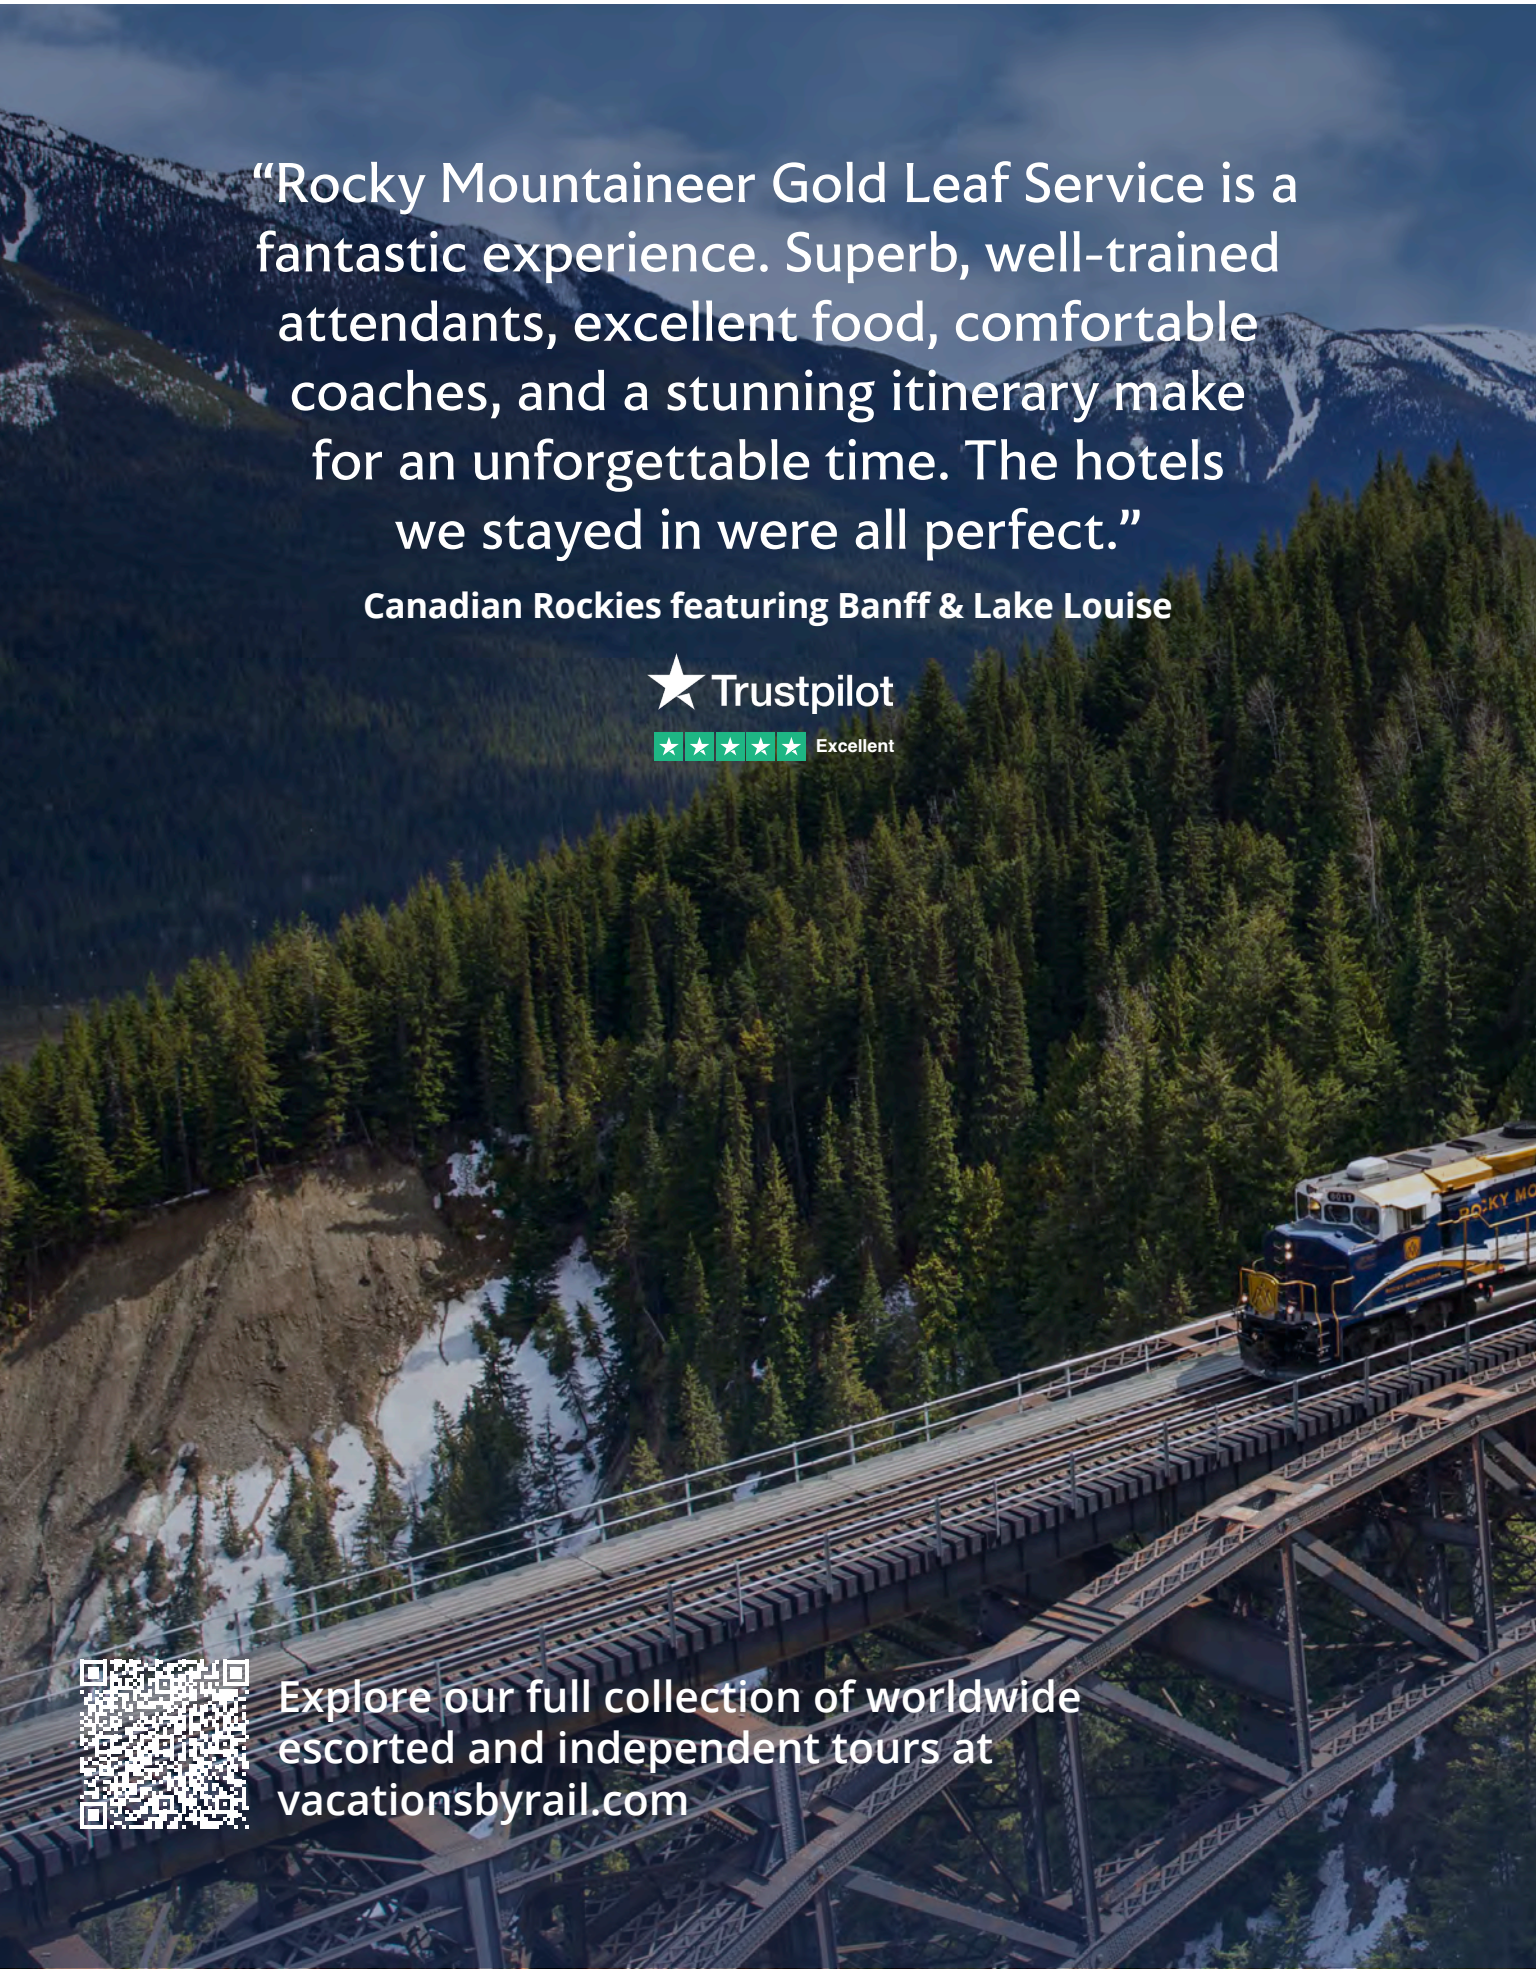

Vacations By Rail's Escorted Tours include travel by train and deluxe motorcoach, hotel accommodations in convenient locations, and many meals. While guided sightseeing is one of the best parts of our Escorted tours, there are often generous blocks of time, or even entire days, to explore destinations at your leisure. If you need help with suggestions during your free time, your Tour Manager is happy to offer their expertise. Escorted tours put the world at your fingertips yet give you the comfort of being with familiar faces along the way.

NEW: Exclusive Flight Quotes

We understand that seamless travel experiences begin with convenient flights. While we don't directly book flights, we're pleased to introduce our new Flight Quote Option – a service designed to enhance your travel planning.
